Network providers—The Davis Vision provider network is being used through a contractual arrangement between Davis Vision and Highmark. Davis Vision is an independent company that manages a network of licensed vision providers in both private practice and retail locations. Network providers are reviewed and credentialed to ensure that standards for quality and service are maintained.

Network retail locations—In order to provide you with the greatest amount of flexibility and convenience, the network includes a number of retail establishments. Benefits at the retail locations may vary slightly from other locations, as noted in this benefit description. However, your value is comparable.

Locating a network provider—To find a network provider, go to www.highmarkblueshield.com and click on “Find a Doctor or Rx.” Click on “Find an Eyecare Provider”. Enter your zip code and mile radius then click on “Search” to see the most current listing of providers that will accept your vision plan.

Receiving services from a network provider:

- Call the network provider of your choice and schedule an appointment.
- Identify yourself as a Highmark member, or eligible dependent, in a vision plan administered by Davis Vision.
- Provide the office with your identification (ID) number (located on your Highmark ID card), and the name and birth date of the covered dependent receiving services. It's that easy! The provider's office will verify your eligibility for services. No claim forms are required!

Frame benefit—You may choose from 'The Collection' in most independent network provider offices or a program allowance will be applied toward a network provider's own frames. Many Collection frames are covered in full or have a nominal copayment which helps you select high-quality frames, while minimizing out-of-pocket expenses. Network retail providers typically do not display the Collection. You will instead be given a program allowance toward your frame purchase. If the chosen frame exceeds the allowance, you will be responsible for any remaining balance.

Contact lenses benefit—Contact lenses may be selected in lieu of eyeglass lenses. No copayment applies towards the initial supply of formulary contact lenses (many of the most popular standard, soft daily wear; disposable or planned replacement) including fitting/follow-up charges. A program allowance will be applied toward contact lenses from the provider's own supply (which may or may not include fitting/follow-up charges). At a network retail location, you will receive an allowance toward the cost of lenses from the retailer's supply. With prior approval, medically necessary contact lenses will be covered in full at all network provider locations.

Low vision services—You and your covered dependents are entitled to a comprehensive low vision evaluation once every five years and low vision aids up to the plan maximum. Up to four follow-up visits will be covered during the five-year period.

Exclusions—This vision program excludes coverage for certain items and services, including: medical treatment of eye disease or injury; vision therapy; special lens designs or coatings other than those previously described; replacement of lost or stolen eyewear; non-prescription (Plano) lenses; and services not performed by licensed personnel.
