Member and Dependent Highlights Maintain Your Eyes and Teeth this Summer

June 10, 2016

To the Faculty and Eligible Dependents:

There is no better time than during the summer months to schedule a vision and dental examination. Regular preventive care is essential to maintaining your vision and dental health, and may even provide an early warning of other medical health conditions. The Board of Trustees of the Fund encourages you to schedule an appointment today.

All full-time Faculty members, spouses or same sex domestic partners, and children are eligible for two dental examinations and one vision examination every calendar year.

Part-time faculty are also eligible for benefits provided by the Fund. Information regarding benefits to part-time faculty members can be found on the Fund website, pafac.com (www.pafac.com).

Visit the Fund's website at pafac.com for a complete and thorough explanation of the vision and dental benefits available to you and your family. The website also includes the following:

1. Review vision and dental claim procedures (including maximum allowances) and download and print claim forms for submission of eligible expenses.
2. Member and dependent eligibility.
3. Frequently Asked Questions.
4. Links to current health information from a variety of credible sources – including the Centers for Disease Control (CDC) and the National Institute of Health (NIH).

Your good health is very important to us and has been for 42 years. The benefits of the Fund have been specifically designed for you and your family. Visit us today 24/7 at pafac.com for more information.

Thank you.

Sincerely yours

John J. Lattanzio, Ph.D.
