Dear Dr. Mash:

On behalf of the Slippery Rock Area Education Associations 151 members, we lend our support to all the APSCUF members as they strike to receive a fair contract. As fellow educators we appreciate the hard work and sacrifices you make to provide quality education to your students. Many of us would not be educators today without the support, encouragement, and knowledge we received from your members.

We believe a fair contract is important to keep excellent educators and attract new people to the noble profession of teaching our youth. Professors deserve to be treated fairly and compensated reasonably for the important work they do. Student deserve to receive a quality education in reasonable class sizes from qualified professional. We stand beside you as you fight for the best interest of your students and members. We hope that you will soon be able to return to the work you love with a stable contract and reasonable working conditions.

In Solidarity,

Joan M. Timko

President

Slippery Rock Area Education Association
