

Dear APSCUF Members,

We support you!

UIS United Faculty is the T/TT faculty chapter of University Professionals of Illinois Local 4100 at the University of Illinois at Springfield. **Like you**, we have faced difficult budget cuts at the state legislature, decreasing support for the work that we do. **Like you**, we face administrators who lack respect for our time and who do not value our work. **Like you**, we believe a fair contract that supports faculty is essential to supporting the ideals of public higher education.

We support your stance that the university needs to invest in recruiting and retaining the dedicated faculty who provide quality, public higher education for students. We wish you luck in your effort to secure a contract that will help you achieve that.

In solidarity,

Lynn Fisher, President
Kristi Barnwell, Vice President
Heather Bailey, At-Large Representative
Donna Bussell, At-Large Representative
Deborah Anthony, Grievance Officer

UPI Local #4100/UIS United Faculty
