

## NOTICE TO PARTICIPANTS OF CHANGES TO THE PLAN

Effective February 1, 2019, the Trustees have determined that for orthodontic benefits, if, at the completion of the orthodontic course of treatment, you have expenses equal to or exceeding \$3,100, and your total reimbursement during treatment was less than \$3,100, you will receive a lump sum payment equal to the amount necessary to reimburse the maximum allowance of \$3,100. Only those charges that are incurred while you are eligible for benefits will be considered for payment.

Note: Claims will be reviewed and reimbursement will be processed based on the above change to the benefits.

If your treatment ended after February 1, 2019 and you have reason to believe that your claim should be adjusted, please contact UCCI Manager Kevin Reagan at (717) 260-7675.

If your treatment ended prior to February 1, 2019 and you have reason to believe that your claim should be adjusted, please contact the Administration Office at (844) 865-1137.
