

SCHOLARSHIP WINNER 2021

NOAH L. STEWART

*graduate biology major
at Shippensburg University of Pennsylvania*

Noah recently graduated from Shippensburg University in three years as a premed biology major and maintained a GPA of 3.96.

During his time as an undergraduate Noah worked with Dr. Marcie Lehman researching ticks and tick-borne diseases. He presented this research at the Minds @ Work research symposium as well as the CPUB annual meeting which led him to receive the CPUB award for outstanding biology student from Shippensburg University.

Noah Stewart with his dad, Dr. Richard Stewart, after graduating in May 2021.

Noah Stewart plays the guitar with the Shippensburg University Jazz Band at Disney California Adventure Park in March 2020.

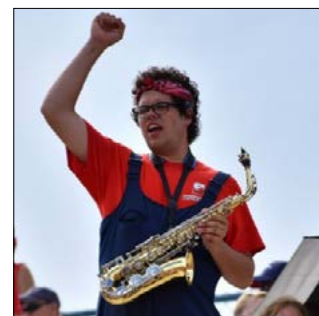

Noah has also been committed to involvement in and betterment of the Shippensburg University during his time as a student. He is a member of Beta Beta Beta and previously served as treasurer for the Shippensburg chapter.

Noah presented at ESTEEM to help encourage young girls to pursue their interests in science. He performed with the Red Raider Marching Band, the Jazz Ensemble and the Shippensburg University Community Orchestra. He served first as treasurer and then president of the Orchestra. Noah values the Orchestra's mission because it brings together members of the community and university.

Outside of campus life Noah recently obtained his EMT certification and plans to volunteer at a local EMS this fall.

For his graduate thesis, Noah is advancing our understanding of tick sensory organs in the American dog tick.

After graduating from Shippensburg, Noah plans to enroll in medical school to pursue a career as a family physician.

Noah Stewart cheers on Shippensburg University Raiders during a football game in Fall 2018.
